Northern Essex Community College
Spring 2014 Enrollment Update

There are 6,522 credit students attending Northern Essex Community College for the Spring 2014 semester, a decrease of -5.6% from Spring 2013. The full-time equivalent (FTE), defined as the total number of credit hours generated divided by 15, decreased by -5.4% this spring.

Day vs. Evening Enrollment

Individuals may be counted in both Day and Evening categories; therefore, the sum of Day and Evening headcounts in Table 2 exceeds the unduplicated student headcount in Table 1. Day includes "Day" enrollment and "Both" Enrollment. Evening includes "Evening" enrollment, "Contract" enrollment, and "Other" enrollment. Online campus counts represent only 100% Web Only courses (WEBON).

Campus of Enrollment

Individuals may be counted in more than one campus category; therefore, the sum of Haverhill, Lawrence, Online and Other headcounts in Table 3 exceeds the unduplicated student headcount in Table 1. Haverhill and Lawrence campus counts include Web Hybrid courses, where the weekly on-campus class meets on that respective campus. All Haverhill and Lawrence campuses' headcounts do not include WEBON. Haverhill and Lawrence campus headcounts and FTE had included WEBON in Enrollment Reports prior to Spring 2011. The Online Headcount and FTE represent only the 100% online courses (WEBON). This is the first Spring Enrollment Update referring to five separate Lawrence campuses. These include the addition of 420 Common Street and the El-Hefni Health and Technology Center.

FTE at the Lawrence Campuses

NECC's presence has been expanding in Lawrence. The River Walk Campus opened in Fall of 2010, and iHealth opened in Fall of 2011. Since then, 420 Common Street and the El-Hefni Health and Technology Center have been added. Table 3a shows how the FTE is distributed between the Lawrence Campuses in Spring 2013 and Spring 2014. The two newest campuses have taken on 17.5% of the FTE. The FTE at iHealth has also increased. Loses in FTE have occurred at the Main Lawrence Campus and the River Walk Campus .

Instructional Method

Please note, all traditional classroom instruction courses are being transitioned into either WEB enhanced or WEB companion. AP has already re-coded effective Spring 2013. Liberal Arts were re-coded in Summer 2013. Math and Science were re-coded in the Fall of 2013. More of the courses throughout NECC are converting to a WEB Companion format. In addition to Liberal Arts and Sciences, this is especially so in Health Profession program and Art, Business, Communications and Technology programs.

The college-wide minimum age of Spring 2013 students is 15 and the maximum age is 76. Such a wide range may skew the mean (average) age, so the median (middle) and mode (most common) ages are reported in Table 9.

Table 9.

A student is 25 until the day of his or her 26th birthday. Ages are calculated as real numbers (with decimal places) based on the student's birthdate and the day of the Freeze. The real numbers are then truncated to integers. Prior to the Spring 2013 Report, rounding of the real number ages was based on the default of Microsoft Access and SPSS.

Table 9a shows the mean, median, and mode for age per campus. Table 9a shows only Spring 2014 data.

Ethnicity

Majority is defined as White non-Hispanic ethnicity. Minority includes African-American/Black non-Hispanic, Asian, Cape Verdean, Native Hawaiian/Pacific Islander, American Indian/Alaskan Native and Multi-Racial ethnicities. In Spring 2009 and 2008, Native Hawaiian/Pacific Islander and Multi-Racial were not tallied separately. Students of those ethnic backgrounds were counted with other races/ethnicities or in Unknown.
