

Integrated Student Experience (ISE) Implementation Alliance
February 28, 2019 Meeting
10-11 AM C204/LC301

MINUTES

Attending: Bertolino, Ciampi, Farrell, Favara, Giampa, Hearn, Heineman, Holden-Gouveia, Hudson, Iola, Knoepfler, Kortz, Nuncio, Portanova, Rogers, J. Sullivan, K. Sullivan, Sunday, Wares, Young, Zubrow

1. Academic Center Information Cards for Student Success Hub

- these have been reviewed; need to check in with Health to assure a card isn't needed now
- GS: Health Specialization can see faculty for program requirements, CPAC for all else
- working out specific details of how to direct students; NOT sending them ALL to a center yet
- cards are an interim solution while we await Navigate implementation
- online Provide Support can be used to deal with challenge of student/advisor on different campuses

2. Academic Advising Reform: Next Steps and Timeline (Bill)

- treating all advisors as a single cohort: build a collaborative, team ethos
- use convocation/P-Day for that
- need to get word out to rest of the faculty/other stakeholders about this
- Exploratory Program: budgeting and planning needed
- summer staffing: need both faculty and advisors
- Health this is already close to the model but GS: HS is the challenge (knowing ALL criteria)

3. Reaction to Draft ISE Goals

- pathways: Liberal Arts on website challenges; also issues with printouts of other pathways
- Bill will pursue with Nathan
- VP office can print pathway documents but can centers organize a process to centralize effort?
- Student Affairs has a model that might work here
- should centers have a central budget?
- there are pros/cons to this: budget needs a person/unit to assign the ORG number to: if we do this, who is that person/unit?
- Concerns raised about transparency of Lawrence space planning, L200, etc.
- Bill will review Lawrence space "plan" next meeting (but fair warning: what is possible financially, facilities-wise, architecturally, building code-wise has been—and may continue to be—a moving target; we have tried to spare you all the twists and turns in that: happy to share it ALL with you ALL the time, but that has its downsides too)
- we should share the plan with everyone
- Bill will devise some forums to discuss this plan and the advising framework
- concerns raised about rented buildings in Lawrence and parking: hard to avoid these; we'll do our best
- plan is good but implementation will be the challenge

4. Team Updates: Didn't get to this

- Academic Centers
- Pathways

5. Other Issues
