Software and Tech availability on both campuses /excellent support for students and staff
CIT excellent resource for faculty and curriculum development

**OPPORTUNITIES – What are the best opportunities for NECC to achieve your vision of this standard?
How could we partner internally and externally to achieve this standard?**

Concentrate on front line touch??? and support for students
More diverse hiring and knowledge of resources to attract diverse candidates (Spanish language
newspapers)
Dissemination of scholarship availability
Updated & quality technology (same version of widows) slow log in
Single sign on for any computer
Bookstore hours in Lawrence need to be expanded
Sidewalks and parking lot need to be upgraded
Better snow removal
Options to improve sales for student books to be resold
Improve food options
Prioritization of space needs improvement. Too much space being rented out making space scheduling
challenging. Where is the rental money going?

**ASPIRATIONS – To what do we aspire? Please describe your vision of a preferred future for NECC with
this standard successfully implemented.**

**RESULTS – What will we measure to determine if we have met your vision and implemented
opportunities? What will the charge be that we are known for?**
