Reflect and record your thoughts, ideas, and vision that supports our strengths at NECC around this NECHE Standard.	
STRENGTHS	
What is NECC doing really well presently to achieve this standard?	
What areas of the college are our greatest assets in creating and meeting this standard's goal?	
The issue is that nothing is being done re: this particular issue. The security on campus is not very effective. They don't have a strong presence on either campus and don't seem to provide much in the way of services on both campus (Lawrence and Haverhill). I'm not really sure what they would be able to do in the event of an emergency.	
The parking passes don't seem to serve any purpose. Students still park in the faculty/staff parking lot so if you get here later than 8:30 you are forced to park far away. Isn't security supposed to enforce the use of parking passes? If not, why bother issuing them and having separate lots for students vs. employees.	
OPPORTUNITIES	Hire better security guards. Start enforcing parking passes.
What are the best opportunities for NECC to achieve your vision of this standard?	
How could we partner internally and externally to achieve this standard?	
RESULTS	Seeing more security across campus at all hours of the day. Not having to park in the boondocks when arriving later in the day.
What will we measure to determine if we have met your vision and implemented opportunities?	
What will the impact be on NECC if your aspirations were to be implemented, and how could we measure that success?
