

NECHE Standard Seven: Institutional Resources

Meeting Minutes

May 31, 2019

10:00am in Room A331

Attendees: Jeff Bickford, Michael Kolotila, Patricia Machado, Mary Murphy

The committee reviewed progress since the last meeting.

Update: Jeff stated that IT did a SOAR forum and sent pdf to everyone. The forum was very productive and provided valuable input.

Update: Trisha is working to get items loaded in TK-20 and met with Mike Hearn for technical assistance.

Update: Laura met with Michelle Tremblay and Patricia Bradford. Basically, given the many recent administrative changes, along with the many standards covered under their responsibilities, they need more time to submit their bullet responses. This is completely understandable given workloads and NECHE requirements. Mary will continue to work with them and update the committee.

Update: Trisha will reach out to Laura regarding the bullets pertaining to the library.

The committee will continue to meet over the summer to complete the bullets. The next meeting is scheduled for June 13th.
