

# Learning Assessment Research Consortium (LARC) Professional Development Modules Available through NILOA

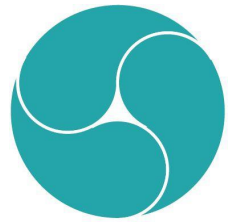

**Assessment Modules**  
**LARC Grant Project**

Chris Cratsley, Fitchburg State University  
Jennifer Herman, Simmons University

Davis Educational Foundation

# Today's Agenda

Project Background

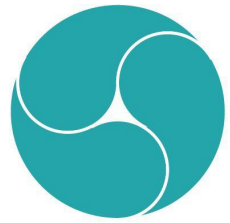

Overview of the NILOA website and Modules

Module Highlights

- Assessment Benefits and Barriers
- Using Assessment Data

Questions and Discussion of

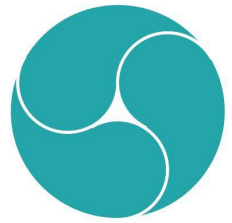

Applicability to Your Institution

# Project Background

## Phase 1: Establishing Consortium and Analysis of Assessment Education Needs

# Project Background & Process

## Phase 2: Design/Development of Curriculum & Website

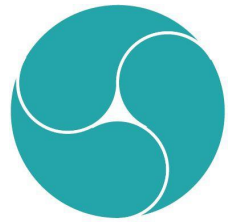

Six modules with many sub-modules

Basic to Advanced

Customizable curriculum

Range of audiences

Website: <https://www.learningoutcomesassessment.org/Browse-by/New-to-Assessment/>

# Project Background & Process

## Phase 3: Final Steps and Dissemination

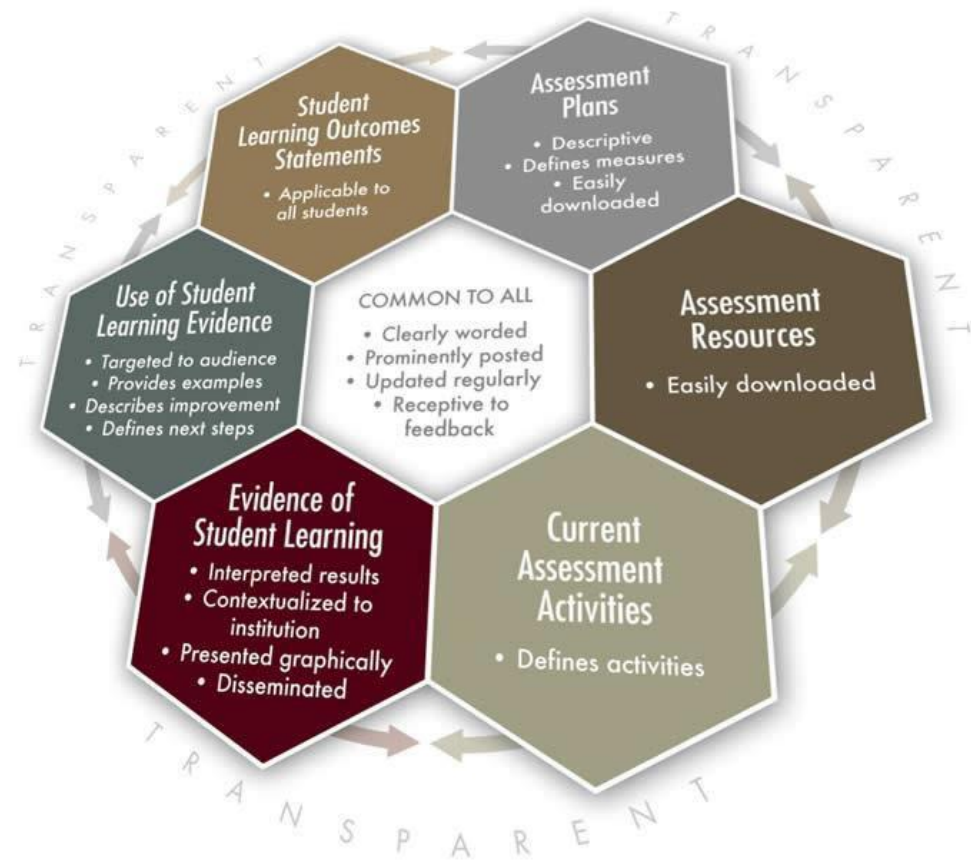

Pilot Testing

Revisions

Scholarship

Open Source

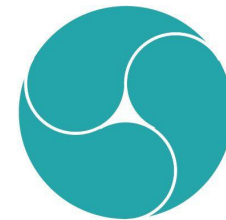

NILOA Partnership

# Phase 4: Available Online Now

<https://www.learningoutcomesassessment.org/Browse-by/New-to-Assessment/>

- Assessment Benefits and Barriers
- Demystifying Assessment
- Goals and Objectives
- Gathering Assessment Data
- Using Assessment Data
- Developing Sustainable Practices

**Assessment  
Resources**

---

**Student Learning  
Outcomes Statements**

---

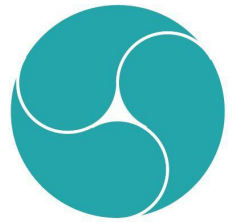

**Assessment  
Plans**

---

**Use of Student  
Learning Evidence**

---

# Examples & Activities

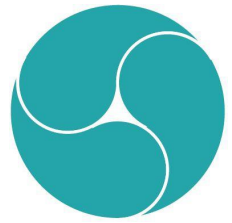

Beta-tester feedback:

Benefits and Barriers: “clear and consumable”, “great design”

Goals and Objectives: “Activities were really insightful, and applies what was being learned in this section”, “The questions are direct and to the point...”.

Demystifying Assessment: "The activities provide clear take aways for my work and structures", “clear and easy to understand” “Very helpful to have the worksheets...” “I liked the activities broken down into steps and all the worksheets that were provided.”

Gathering Data: “I thought the readings were good, and the system approach was effective.”

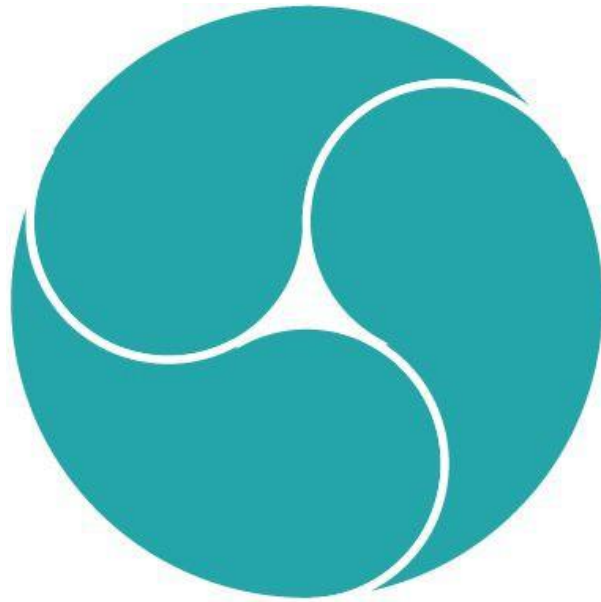

# Examples & Activities

Beta Tester feedback continued:

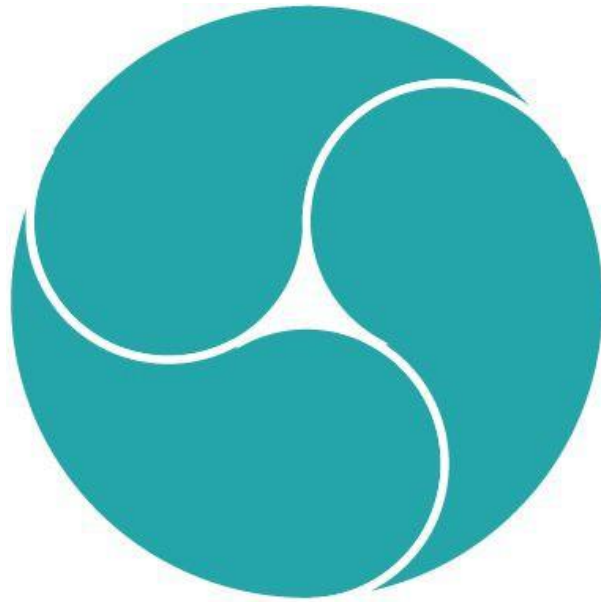

Using Assessment Data: "I found the information, especially in the section about closing the loop to be very helpful. I plan on using it to enhance the way I use assessment data." "There is some fabulous content here – well done!" "This is a very nice combination of activities..."

Developing Sustainable Practices: "I enjoyed the variety of formats allowing for multiple learning styles."
